### **Kyle Shumaker & Shumaker Technology Group**

To Whom It May Concern,

I started working with Shumaker Technology Group during the middle stages of the Covid-19 pandemic. Being one of my first official internships in college, I did not know what to expect. I was looking for a position where I could gain valuable skills and experience. As I trained in the Marketing and Sales departments, I quickly realized this was going to be an opportunity to grow and gain experience and the knowledge of the business world I was looking for.

Kyle and his team took me under their wing and showed me what it was like to work hard in a good work environment. I learned how to add my skills and strengths to the value of the company and give customers the experience they deserved. Shumaker Technology as a company treated me very well and we participated in various team building/bonding outings including special dining events, donut hole eating competitions, and much more. My position taught me a lot of the ins and outs of how a small business thrives and allowed me to take the lead on several projects. Through these opportunities, I grew my experience. I was able to take on projects and put my best efforts into bringing those projects to fruition.

Through the nature of what Shumaker Technology Group specializes in, I was able to grow my knowledge of the technology world and learn about the mechanics of the products I was promoting. The opportunity was there, so I took it. While in this position, I conducted several marketing campaigns to

pursue prospects and warm leads. Through sponsorships, we gained many opportunities to share about who we are and what the company was about. When you are a part of a business where you feel valued and appreciated, you want bring value to your company. At Shumaker Technology Group, the environment I experienced motivated and inspired me to build into the company as much as they were building into me.

Sincerely,

Micah Testa
